

Technical/Integration Consultant Ivalua at Sourcing Champions

Are you our next Sourcing Champion?

We are looking for an Ivalua Technical Integration Consultant who enjoys working with APIs, data flows, and system integrations. You will specialize in the technical implementation of Ivalua, ensuring that interfaces with ERP, finance, and data platforms are robust, scalable, and error-free.

As a technical consultant, you collaborate closely with functional colleagues, architects, and client IT teams to successfully implement Ivalua in complex environments.

Please note:

Location: Amsterdam (Hybrid)

Languages: Fluent Dutch & English

Start date: As soon as possible

Key Responsibilities

Integration & Technical Delivery

- Design, build, and test integrations between Ivalua and ERP/finance systems (SAP, Oracle, MS Dynamics), SFTP environments, and data platforms.
- Configure and troubleshoot Ivalua I/O (file-based and API-based integrations).
- Work with REST/SOAP APIs, JSON/XML, SFTP, and flat-file transfers.
- Perform data mapping, transformations, and data quality checks.
- Identify and resolve technical issues such as schema mismatches, mapping errors, API timeouts, or integration failures.
- Produce technical design documents, interface specifications, and system architecture documentation.
- Prepare and execute SIT, UAT, end-to-end, and regression testing for integrations.
- Monitor interface logs and resolve incidents proactively.

Collaboration & Project Delivery

- Translate technical requirements into actionable implementation tasks.
- Work closely with functional colleagues to align process needs with technical feasibility.
- Participate in client meetings, technical workshops, and design sessions.
- Support presales activities where integration or data expertise is needed.
- Contribute to continuous improvement of integration frameworks, templates, and accelerators.

Verwachte kennis en ervaring:

- **2 years of experience** in integrations, IT consulting, or technical implementations within SaaS/ERP/S2P environments.
- Hands-on experience with **APIs (REST/SOAP)**, XML/JSON, SFTP, and data mapping.
- Solid understanding of integration concepts: authentication, data transformation, payload handling, middleware, ETL.
- Experience with technical tools such as **Postman, Swagger, SQL**, and Excel for data analysis.
- Interest in or initial exposure to Ivalua (training, certification, or project experience).

- Strong IT skills including troubleshooting and logical problem solving.
- Basic understanding of procurement or finance processes is a plus, but not required.
- Excellent Dutch and English communication skills.
- Detail-oriented, structured, and documentation-driven.
- Analytical, proactive, solution-oriented, and comfortable working in a dynamic scale-up environment.
- A self-starter with initiative, ownership, and the ability to collaborate effectively with both technical and non-technical stakeholders.

Personal Characteristics:

- Able to work independently and collaboratively in multidisciplinary teams.
- Comfortable with technical thinking and problem-solving.
- Eager to learn and develop strong expertise in Ivalua and integration patterns.
- Able to work in international environments and adapt to diverse client cultures.
- Ability to communicate technical topics clearly.

About Sourcing Champions:

Sourcing Champions is a boutique “next level” procurement consultancy. We combine strategic advisory with digital procurement solutions such as **Ivalua, EcoVadis, IntegrityNext, Prewave, Valuedesk and Akirolabs**. Our projects span Europe and the globe, focusing on transformation, cost optimization, digitalization, and sustainability.

What We Offer:

- A hybrid role that blends technical consultancy, integration engineering, and solution delivery.
- Impactful digital transformation projects for leading European organizations.
- A supportive, entrepreneurial team where you can grow rapidly.
- A learning & development program including integration training and certifications.
- Freedom to innovate, experiment, and contribute to growth initiatives.
- A beautiful office in Amsterdam and flexible working arrangements.

Als je op zoek bent naar een uitdagende functie met geweldige mogelijkheden voor persoonlijke en professionele groei, dan is dit de plek voor jou! Komt je profiel niet perfect overeen, maar denk je toch dat jij de ideale kandidaat bent voor de functie? **Aarzel niet om te solliciteren!**

Please send your **CV** and **motivation letter** to:
